

MUST REGISTER IN ORDER TO VOTE

Many Men Under the Impression
They Do Not Have to Qualify
For Special Election Sept. 18

REGISTER NOW IS SLOGAN

Board Can Not Care For All Entitled
to Register—Rushville Pre-
cinct No. 2. Leads

The county registration board has found that many men do not think they have to register. On the contrary, every man and woman in Rush county, regardless of whether they have ever registered before, must register between now and August 20 in order to be qualified to vote in the special election September 18 for delegates to the state constitutional convention. Registration is not necessary in cities of this size for the city election next November.

The board requests that persons who want to register do so at once without delay. If everyone entitled to vote qualified by registering, the board would have more than it could do between now and the end of the session.

The Womens Franchise League has been active all over the county in getting women to register. The League was instrumental in having a number of women in Anderson township registered by notary. The Noble Township League registered about a dozen at its meeting this week and the same thing is being planned at Carthage.

Up until this morning's session of the board opened, 775 voters had qualified for voting by registering. Of this number 343 live in the county live outside of Rushville and 408 live in the city. The second precinct of Rushville township leads the other precincts to date with 82 persons registering and the first precinct of Anderson township is second with 81.

The clerks of the board were not busy today for the first time since the session opened June 22. Up to this time they have not been rushed to keep up with their work. The clerks have to make a permanent record of every registration blank filed, as well as two duplicate copies for the county chairmen of the republican and democratic parties.

The reorganization of the rural route system of the county has completely disorganized the work. No farmer is now certain what his address will be after July 16. The board has decided that the only thing it can do is to go ahead and file out the blanks for the present address. It would be impossible to go over all of the blanks and change the addresses.

READY WHEN LOCAL BOARD GETS THROUGH

By WEBB MILLER
(U. P. Staff Correspondent.)

Washington, July 5.—The draft lottery will be staged in the capital on the day following completion of local exemption boards.

"When the local boards are completed and have numbered more than 9,500,000 registration cards we will be ready for the draft," was the official announcement today. Gen. Crowder has insisted the boards finish their work before Saturday.

He emphasized that every day lost now means a day lost in organizing the armies of the United States.

In a message to each board Gen. Crowder urged that it is necessary that copies of the cards be in the hands of the state adjutant general and another mailed to Washington before Saturday.

FOURTH IS QUIET DAY HERE

People Spend Day at Picnics and
Visiting Elsewhere

The Fourth of July was the quietest one in years for Rushville. There was no celebration of any sort and most Rushville people spent the day visiting elsewhere or on picnic parties in the country. As a general rule country people were busy. A big majority of the farmers were busy plowing corn or cutting wheat. The binders were started on a number of farms yesterday. The safe and sane Fourth ordinance made fireworks an unknown quantity.

ODD FELLOWS BAND GOING TO GLENWOOD

Will be Added Attraction at Second
of Series of Community Soc-
ials This Evening

EVERYONE IS URGED TO GO

The Odd Fellows band will be an added attraction at the community social at Glenwood tonight. The committee announced today that in addition to the program previously announced, the band had been engaged to play.

Every automobile owner in Rushville and the county surrounding is invited to fill his automobile to capacity and go to Glenwood tonight because a good time is certain. Those who attended the first of the community affairs at New Salem two weeks ago are sure to go again and they were all trying to get their friends to attend the second one of the series tonight.

The social will be held on the lawn of the M. E. church. The congregations of the M. E. and U. P. churches are co-operating with the Rushville merchants in giving the affair and the women of the two churches will serve the ice cream and cake. Lemonade, peanuts, chewing gum and other things will also be on sale.

A short program will be held. S. L. Trabue will speak and Dr. Hale Pearsey and Mrs. Carl F. Beher will sing.

GERMANY SERVED WITH ULTIMATUM

Argentina Dispatches Note, Assert-
ing Berlin Must Pay Indemnities
For Ships Sunk.

GUARANTEES ALSO SQUIGHT

By CHARLES P. STEWART.
(U. P. Staff Correspondent.)

Buenos Aires, July 5.—Argentina has served an ultimatum on Germany.

It was learned today that a note dispatched to Germany asserted that unless Germany pays indemnities for the destruction of Argentina ships and guarantees assurances against further attacks Argentina will break relations. For two weeks Argentina has approached the position where she was ready to break relations with Germany. The crisis lies in the case of the sinking of the Argentina steamer Protegido. The vessel was torpedoed without warning and several Argentina citizens lost their lives. Germany admitted the sinking and offered reparation. Then Berlin apparently forgot all about it.

The Fairview Christian church services will be held next Sunday at the Union church west of Fairview on account of the county line road being closed and making it impossible to reach the church. The Rev. G. F. Powers will preach morning and evening and Sunday school will be held as usual.

WILL BUILD ROAD IN POSEY TOWNSHIP

Commissioners Order That Bids be
Received For Joseph D. McCoy
Road on August 6

LET POOR FARM CONTRACTS

The county commissioners Tuesday afternoon before adjourning awarded contracts for supplies at the county asylum for the next quarter as follows: clothing, Bliss and Cowing; groceries, Havens and Son; dry goods, Callaghan and Company; shoes, Horatio Havens and meat, Weeks Fresh Meat and Provision company.

The commissioners also decided to build the Joseph D. McCoy road in Posey township and ordered that bids be received on August 6. The commissioners also accepted a report of the viewers on the petition to vacate a highway filed by John K. Gowdy and ordered the road vacated at the expense of the petitioner. The road runs through the Gowdy farm and has long been abandoned but never vacated. Mr. Gowdy owns the land over which the road passes.

SURVEY MADE FOR GOOD SEED WHEAT

R. A. Ogg Spends Two Days in
County Looking For Fields
Free From Impurities

IMPOSSIBLE TO COVER COUNTY

Farmers With Fields Suitable For
Seed Urged to Notify Commit-
tee—Eight Meetings Planned

A survey is being made in this county for good seed wheat in order to improve next year's crop, according to an announcement made today by a seed wheat committee of Rush county composed of G. Leonard Clark, C. M. George and O. C. Norris. R. A. Ogg, a representative of the Purdue extension department, made a two days survey of the county, but found it impossible to visit the whole territory. Accordingly, the committee, in the following announcement made today, calls on the farmers of the county to assist in the campaign by notifying any member of the committee of good fields of wheat so that they may be inspected.

Prof. G. I. Christie, State Food Director, in combination with the association of millers, grain dealers, bankers, wheat growers and fertilizer dealers, is making a survey of all counties of the state to locate good fields of wheat for seed. A list of these is sent to Purdue and another kept by the local committee of the county and announced through the papers, that every farmer may know where good seed may be found.

Prof. R. A. Ogg of Greencastle, representing Purdue, has spent two days in the county locating fields. He could not reach all parts of the county and farmers who have good fields of wheat comparatively free from rye, cockle and cheat should notify the committee so that someone may be sent to inspect and list the field. It is the desire to increase the acreage as well as improve the quality.

The local committee is G. Leonard Clark, C. M. George and O. C. Norris. Later in the season they will arrange for eight wheat meetings to be held in the county and Purdue will furnish speakers to discuss wheat production.

The government has adopted a schedule for grading wheat which will be rigidly enforced, and every wheat grower will find it greatly to his advantage to select seed that is free from all impurities including rye, cockle and cheat.

BEEES RESPONSIBLE FOR AUTO ACCIDENT

Swarm So Thick on Windshield of
George Mount's Car That he is
Unable to See The Road.

GOES INTO DITCH; IS UNHURT

George Mounts of Orange township had a peculiar experience Tuesday afternoon as he was driving his automobile towards this city. Mounts ran into a swarm of honey bees and they literally covered the machine. They swarmed onto the windshield so thick that Mounts could not see the road ahead and his automobile went into the ditch, striking a pole and damaging the radiator.

Naturally, with a swarm of bees all around him Mounts feared he would be badly hurt, but he escaped the bees without being stung a single time. Mounts is convinced that had he been running fast the bees would have caused the machine to be ditched.

COUNCIL TALKS ABOUT FIRE TRUCK

Prospects Are That City Will Not
Purchase Motor Apparatus This
Year at Least.

OLD FIRE ENGINE TO BE SOLD

Ordinance Placing Electric Cook
Stoves on Power Rate Passed—
William Higgs Resigns.

The city council at the regular meeting Tuesday night transacted the usual routine business and devoted a large part of the time to the discussion of a truck for the fire department, but took no action. The chances are the council will not purchase a truck this year.

It was decided to sell the old fire engine, the first one the city ever had or junk and the clerk was instructed to advertise for bids to be received on August 7. The little engine is now out of commission and it would require close to \$500 to place it in working order. The city has no real need for this engine, since the large engine will be retained, and for this reason it was decided to sell it.

Fire Chief Easley appealed to the council to purchase a motor truck, referring a light chemical wagon. The proposition was discussed at length and the council decided that it had a better place for its money this year.

Clarence Borem was appointed ireman in place of William Higgs.

The contract for cement sidewalks on Cherry street from Eleventh street to the first alley north of Twelfth street on the east side of the street was awarded to Thomas S. Cauley. The contract price was 14 cents a square foot. The bid was submitted on the engineer's estimate.

The ordinance placing electric cooking stoves on the power rate was read for the first time and passed.

A petition signed by two property owners was presented to the council asking that the alley running west from Jackson street to Buena Vista avenue be widened to the proper width at the Jackson street end. Nothing was done with the petition.

The council also agreed to sell the horse which has been used by the superintendent of the water and light plant. The plant now has a light truck and no longer needs the horse.

Terre Haute—Mayor Gosson and a party of newspapermen were judges of the garden contest in this city, the winner being given a \$10 bill by the mayor.

SEEK UNKNOWN ASSAILANT

Fires on Mr. and Mrs. Frank Col-
slager of Marion From Ambush

(By United Press.)

Marion, Ind., July 5.—Police were hunting today for an unknown assailant who fired on Mr. and Mrs. Frank Colslager late last night from ambush while they were driving in their auto one mile from Up-land. Fourteen small shots struck Mrs. Colslager but she will recover. He was not hurt. They declared they have no enemies and the police are at a loss as to a motive for the shooting.

ABSOLVES NAVY MEN FROM GUILT

Spy Hunt Discloses They Did Not
Spread News About Route of
U. S. Army Transports

U-BOAT ATTACKS FAILURES

By CARL D. GROAT
(U. P. Staff Correspondent.)

Washington, July 5.—America's spy hunt today tended to absolve any navy employe from guilt in spreading news upon which Germany mobilized her u-boats to waylay United States Army transports.

With a new battle recorded—that between a United States provision ship convoy and two German submarines—officials were more than convinced that Germany sent her submarines to sink America's first expeditionary force.

This new battle occurred between submarines and convoying war ships, who protected the big navy transport bearing provisions and gold to pay the Sammies abroad. The navy transport headed for shallow shore water when the engagement opened thereby making it less liable to attack. Two torpedoes were discharged, both going wide their mark. The destroyer convoys soon drove the submarines off.

PERSHING'S SAMMIES TRAIN FOR TRENCHES

3d Battalion, After Participating in
Paris Fourth Celebration, go to
Permanent Camp.

ALL ANXIOUS TO GET SETTLED

By WILLIAM S. FORREST
(U. P. Staff Correspondent.)

Paris, July 5.—Part of Pershing's Sammies are off for their final training before going to the front line trenches.

Following a typical Fourth of July celebration yesterday, the battalion of United States regulars, who were brought here from a French port to take part, left early today for the permanent camp.

General Pershing is extremely anxious to get all of his men settled down into the permanent camp and put them through the final training for the trenches. Also he is anxious himself to clean up work in Paris and get out to the camp.

The entire expeditionary force will be established in permanent headquarters by July 15 it was announced today. Every American connected with Gen. Pershing's headquarters is working hard to expedite the work of establishing the men in camp.

Connersville—Wade Earbist was arrested here on the charge of stealing a pair of shoes from Joseph Smith.

Terre Haute—Women complained to the police department that boys enjoying a swim in gravel pits near here, hung their clothes—swimming suits and all—on a hickory limb before going into the water.

BRITISH ADVANCE ON WEST

German Counter Attacks Successful
in One Place On East Front—
Repulsed Elsewhere

(By United Press.)

London, July 5.—Continuing his tactics of fixing his blows, Field Marshal Haig last night struck successfully at the enemy southwest of Hollebeke, Belgium. The British advanced their lines over a front of 500 yards.

Petrograd, July 5.—Counter attacks were launched by the Germans today in an attempt to stop the advance of the Russian offensive the war office statement announced. At one point pressure from the enemy compelled the retirement, the war office declared. The enemy was repulsed at all other places.

A French Port, July 5.—Although the American expeditionary army is to leave the latter part of this week for its permanent training camp behind the firing line, it has started intensive training here.

The training consists of marches and trench practice. The soldiers are drilled daily.

Hundreds of troopers bath daily in the cold sea and the daily baseball games are a feature of camp life.

Military and naval police control the city. Arrival of the last troop transport carrying automobiles and supplies was announced today.

London, July 5.—Coincident with the announcement from Petrograd that the Russians during Sunday and Monday's fighting captured 300 officers, 18,000 men, twenty-nine guns and thirty-three machine guns is the official statement from Vienna which tells of the withdrawal of Austrian forces under pressure of superior numbers on a limited part of the front in Galicia.

According to the Vienna statement the Russian attacks were repulsed near Konichy and the Russians were compelled to cease their assaults at Brzezany.

South of Zboroff the Russians are reported to have made a terrific attack and succeeded in pushing back the Austrians toward the prepared supporting positions. The Vienna reports say that in engagements involving heavy sacrifices the Austro-Hungarian troops have been retiring only step by step against the pressure of superior forces and thus far have enabled the reserves to intervene for the restoration of the situation.

Violent artillery duels have been in progress on the Konichy-Zlochoff sector on the Stokhod in Volhynia, and at Brody, on the Galician-Volhynian border.

In Champagne, on the western front, the crown prince has made another desperate and fruitless effort to break the French lines northwest of Rheims. Attacking in force along an eleven-mile front, the Germans made especially strong efforts around Cerny and Ailles and against the Calornie plateau. The French repulsed all attacks with losses.

In checking the Germans the French took the initiative in a small operation east of Cerny and captured a strong German salient. German attacks on the left bank of the Meuse were repulsed.

The Paris official statement gives the following account: "The Germans undertook a powerful offensive action, which was prolonged all night, against all our positions north of Joluy as far as the Meuse river." Continued on Page 2.

CHAMBERS MAY BE STATE CHAIRMAN

Newcastle Man is Prominently Mentioned as Successor to Charles A. Greathouse

TWO OTHERS SPOKEN OF

(By United Press.)

Indianapolis, Ind., July 5.—The question of who shall be named to succeed Charles A. Greathouse, chairman of the democratic state central committee, who has been named a member of the vocational education board of the federal government by President Wilson, was under discussion by politicians here today.

That Greathouse will accept the position and resign as state chairman is considered practically certain. He has been in office only a few weeks, however, being elected last month to succeed Bernard A. Korbly, who resigned.

Among those prominently mentioned to succeed Greathouse is Walter S. Chambers, editor of the Newcastle Times' and democratic leader in the last session of the legislature. Chambers with Frank Culbertson of Vincennes, lead the democratic half of the state senate in the legislative session.

H. L. O'Brien of Lawrenceburg, former state auditor, has also been mentioned, along with James Fleming, state senator from Portland.

Greathouse's resignation will probably not be presented before August. He expects to go to Washington to "look over" the ground and investigate the nature of his new duties.

Conscripts Not "Slackers"

Objections to the conscription plan of raising an army were undoubtedly due largely to the odium which has long been attached to the draft, a measure which was resorted to during the Civil War. We began that war with a volunteer system of enlistment, and when volunteers were not forthcoming, we offered bounties which gradually increased in amount. Finally, the draft became necessary, and those men who were called in this manner were looked upon as men who would neither volunteer through a feeling of patriotism nor respond to the inducements of bounty.

There is no good reason, however, why the conscription method now adopted by the United States should place any mark of disgrace upon those who are called through its provisions. Nevertheless, there is danger that in public comment, and in unexpressed opinions there will be a sentiment that men who are selected under the conscription system are "slackers" at heart and responded only because they were compelled to do so. That attitude of the public mind would necessarily place conscripted citizens in an unfavorable and undesirable repute.

For the good of the army and the individuals who compose it, it is of utmost importance that we avoid any such frame of mind. Conscription is nothing more nor less than the designation of the service each is under obligations as a citizen to render for his country. Men who wait until they are conscripted are doing nothing more nor less than exercising their privilege and their duty. Men do not go to the tax collector to pay their taxes before they have been assessed for the amount of tax levied. Failure to go in advance to pay his taxes does not carry with it any stigma of disgrace. Neither is the taxpayer who waits until the last day to pay his taxes held to be a disloyal citizen. Reasoning by analogy, we reach the necessary conclusion that the citizen who waits until he has been notified of his selection under the conscription law, before entering the military service is not properly an object of reproach.

The real test is whether a man promptly responds when called, and faithfully performs his duty thereafter. If this be done, the man who is thus called to the colors is entitled to the highest esteem as a loyal American citizen, and is entitled to the deepest gratitude from his fellow citizens who are not called upon to render similar service.

The conscription system is the only equitable and entirely defensible plan of raising an army. Those who did not volunteer were merely exercising their right in awaiting the enactment of a law which would determine which men should render military service and when they should respond. General recognition of this and willingness to accord the full honor to which the conscripted men are entitled will do much to make their service more agreeable to them.

Posterity Should Pay

The burdens of this war should not be saddled entirely upon the people of this generation. Posterity

its share of the expenses.

To levy abnormal taxes upon all commodities will be but to put a financial and physical strain upon the people which they can ill afford to bear for when the necessities of life are taxed it is the consumer who pays the bill.

The common people—and by that term we mean the great mass of people who earn their living from day to day—are already staggering under burdens that are far too heavy for many of them. The complacency of congress in the face of highway robbery by the food barons is forcing them almost to the point of desperation. The stomach demands food, and often the pocket-book is not able to supply it in sufficient quantities. The food barons are hogging the substance and the people are paying for the husks.

Too much of our war revenue should not be raised by immediate taxation. Posterity should pay its share in interest and principal on long time bonds.

The people have loyally submitted to the necessity for economy, and are virtually living on a war schedule. Luxuries have been eliminated to some extent and expenditures have been limited to bare necessities. The addition of a heavy tax to this would be the utmost folly.

If congress would become as patriotic as it expects of the people, then it enact laws that will guarantee the farmer and the producer a fair price for his products, and the consumer that he will not be required to pay more than a fair margin of profit over the cost of production—by the utter elimination of all speculators and other grasping hogs.

And let posterity pay part of the bill.

When a fellow has bats in his belly the bats are about the only things that count.

When the government completes those airplanes we suggest some senators and congressmen for the crews. They are so accustomed to being "up in the air" that high altitudes wouldn't bother them.

It might be advantageous, however to stuff our scrapping shipping board's mouth full of ginger and then sew it up.

Wake up, Henry! Washington is dead, Wilson is president, and another war has been declared.

Green's August Flower

Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by gases in the stomach. August Flower is a gentle laxative, regulates digestion both in stomach and intestines, cleans and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. 25 and 75 cent bottles.

If you have not already taken advantage of the money-saving opportunities offered by this big sale, don't fail to come in before Saturday night. Every purchase you make now at these sale prices means just that much money saved this fall and winter, as prices are bound to stay high and there is every reason to believe that they will go higher.

Mulno's "Save-Now" Sale

Started Saturday, June 30 Ends Saturday, July 7

If our stocks are sufficiently cleaned out by Saturday night to give us room for the fall goods that we have ordered, this may be our only sale this summer. If we had room to carry the stock, we might hold it for fall trade and make good profits at the prices that will probably prevail at that time. However, we haven't the space. These goods must go, and to close them out quickly we offer them at prices that will not likely be equalled again for many years.

Good big stocks on hand now. **SPLENDID SELECTIONS — BIG VALUES — LOW PRICES — BIG SAVINGS.** Don't miss this chance to cut down your clothing expense for Fall and Winter. **BUY NOW AND SAVE.**

NANCY A. MAHIN IS
DEAD NEAR HOMER

Widow of James A. Mahin Expires at Home of Daughter, Mrs. W. S. Miller Wednesday.

THREE CHILDREN SURVIVE

Mrs. Nancy A. Mahin, 89 years old, died Wednesday afternoon at 4:40 o'clock at the home of her daughter, Mrs. W. S. Miller in Walker township, near Homer. Mr. Mahin had been ill for several weeks, suffering from a complication of diseases. She was the widow of the late James A. Mahin and would have been ninety years old on July 24.

She is survived by three children, Mrs. Miller, Robert Gardner and Rue Mahin. The funeral services will be conducted Friday afternoon at two o'clock at the late residence by the Rev. Mr. Hester and burial will take place in the Hurst cemetery.

WANT WAR COMMENT
IN ENGLISH ONLY

Foreign Language Newspapers May Be Compelled to Follow This Policy By the Government

SOME LEGISLATION IS NEEDED

(By United Press.)
Washington, July 5.—Foreigners unacquainted with the English language will be deprived of newspaper reading as a wartime diversion if the recommendation that foreign language newspapers be compelled to print in English all editorial expressions and news bearing on this government's foreign policies is adopted by the government as a war measure.

The American League for National Unity, which is fostering the move, urges Federal legislation to enforce such a ruling and, if necessary, governmental control of all foreign language papers. The league charges that most foreign language papers disseminate news giving "secret aid and comfort to the enemy" and at the same time "only lukewarm support to the administration."

PLANTS ARE IMPROVING

Indianapolis, July 5.—Ice cream manufacture in Indiana has been greatly improved in regard to sanitation, according to reports reaching H. E. Barnard, state food and drug commissioner. Only five persons were prosecuted in the state during the entire month of May for selling ice cream below the standard or failing to clean ice cream cans, according to a report issued by Barnard today. All were fined an average of \$15 each.

TODAY'S ODDDEST STORY

Gary, Ind., July 5.—Because her husband stopped her credit at various stores in the city, Sarah A. Tindall thought she deserved a divorce.

Hammond—"Send the stove back to mother, I don't give a d—what you do with the rest of the furniture," wrote Marion Clark, of Whiting, when she departed from her husband, according to a divorce complaint filed by her husband.

With the Fingers!
Says Corns Lift Out
Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness on the danger of infection. This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue. This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

WOMEN URGED TO ATTEND COURSE

Mrs. Burl Matney, President Home Economics Club, Receives Letter Regarding Purdue Plans

CLASSES FOR HOME MAKERS

Extension Department Urges Every Community to Send at Least One or Two Representatives

Mrs. Burl Matney, president of the Home Economics Club, has received a letter from the department of agricultural extension of Purdue university urging attendance at the week's course for homemakers which opens at Lafayette next week and continues until Friday night. The attendance of one or two representatives from every community is urged. A letter from Roberta McNeill, associated in home economics extension, is explanatory and is as follows:

With this you will find an outline of the week's course to be given homemakers at Purdue. While we know it will not be possible at this busy season for everyone to leave home, we believe that if we have representatives from the various classes, these may return to their communities and assist in furthering the great campaign of food conservation in which we are all so much interested.

The course has been planned keeping the needs of the busy homemaker in view. We know you will be amply repaid for coming.

Take the matter up as a body if possible and if the class does not have a meeting before that date use the telephone and tell the members about the course. It may be possible later with the assistance of those who attend to hold somewhat similar courses in the various communities. For this reason we are very anxious for as many communities as possible to be represented. Come if you can, and if this is impossible urge others to attend the course—July 9th-14th.

Sincerely yours,

ROBERTA McNEILL

Associate in Home Economics Extension.

If you cannot attend this course for the entire week, come for one, two, or three days. Bring a friend or organize a party for the trip to Purdue.

We shall be glad to have you do everything possible to advertise the Food Conservation School and interest others in this valuable work. Will you not place notices in your local papers? Assuring you that we shall appreciate your co-operation, I am

Very truly yours,
G. I. CHRISTIE.

Superintendent.

The course mentioned is called, "Food Conservation School for Women and Girls of Indiana," and the detailed program follows:—

Monday

LAKE ERIE FIRST TO TAKE OFF TRAIN

Office Announces Removal of Train Leaving Connersville 6:45 a. m. and Returning 6:20 p. m.

BIG 4 EXPECTS TIME CHANGE

The Lake Erie and Western railway office here has announced that effective next Sunday the train leaving Connersville at 6:45 a. m. for Fort Wayne and the train arriving in Connersville at 6:20 p. m. will be discontinued. This is in line with the government's request to curtail the passenger service and devote more service to freight.

So far all rumors of taking trains off of roads going through Rushville have been unfounded. A change of time on the Big Four is effective Sunday, but so far the local agent has not received the new schedule. It has been rumored that the Big Four would drop two passenger trains. The C. I. & W. will undoubtedly take off a train or two but no announcement has been made as yet. No changes in time have been announced for Sunday, and the local agent has no intimation as to what train will be taken off.

11:00-11:45 Round Table.

2:00-4:00 Drying of Fruits and Vegetables.

The school is open to all. There are no fees for instruction.

A list of rooms and boarding places, where lodging and board can be obtained at reasonable prices, will be on file in Agricultural Hall.

Good hotels are available in the city. Suitable places will be provided to eat lunch, if they care to bring this.

The Extension Department urges that every community try to send at least one or two representatives to the school, and that automobile parties be organized for a days work if they can not come for the whole course.

They point out that food shortage and high prices are already prevalent to an alarming extent, and unless every atom of the present crop is conserved greater hardships are bound to be felt.

Therefore every housewife must "Do Her Bit" for, quoting President Wilson, "The woman who is watchful in her home, careful of every bit of food used, is serving her country just as truly and just as effectively as the nurse in the Red Cross tent or the man at the front or on the sea."

Your Money Back If You Want It.

MUST REGISTER IN ORDER TO VOTE

Many Men Under the Impression
They Do Not Have to Qualify
For Special Election Sept. 18

REGISTER NOW, IS SLOGAN

Board Can Not Care For All Entitled
to Register—Rushville Pre-
cinct No. 2 Leads

The county registration board has found that many men do not think they have to register. On the contrary, every man and woman in Rush county, regardless of whether they have ever registered before, must register between now and August 20 in order to be qualified to vote in the special election September 18 for delegates to the state constitutional convention. Registration is not necessary in cities of this size for the city election next November.

The board requests that persons who want to register do so at once without delay. If everyone entitled to vote qualified by registering, the board would have more than it could do between now and the end of the session.

The Woman's Franchise League has been active all over the county in getting women to register. The League was instrumental in having a number of women in Anderson township registered by notary. The Noble Township League registered about a dozen at its meeting this week and the same thing is being planned at Carthage.

Up until this morning's session of the board opened, 775 voters had qualified for voting by registering. Of this number 343 live in the county live outside of Rushville and 408 live in the city. The second precinct of Rushville township leads the other precincts to date with 82 persons registering and the first precinct of Anderson township is second with 81.

The clerks of the board were not busy today for the first time since the session opened June 22. Up to this time they have not been rushed to keep up with their work. The clerks have to make a permanent record of every registration blank filed, as well as two duplicate copies for the county chairmen of the republican and democratic parties.

The reorganization of the rural route system of the county has completely disorganized the work. No farmer is now certain what his address will be after July 16. The board has decided that the only thing it can do is to go ahead and file out the blanks for the present address. It would be impossible to go over all of the blanks and change the addresses.

READY WHEN LOCAL BOARD GETS THROUGH

By WEBB MILLER
(U. P. Staff Correspondent.)

Washington, July 5.—The draft lottery will be staged in the capital on the day following completion of local exemption boards.

"When the local boards are completed and have numbered more than 9,500,000 registration cards we will be ready for the draft," was the official announcement today. Gen. Crowder has insisted the boards finish their work before Saturday.

He emphasized that every day lost now means a day lost in organizing the armies of the United States.

In a message to each board Gen. Crowder urged that it is necessary that copies of the cards be in the hands of the state adjutant general and another mailed to Washington before Saturday.

FOURTH IS QUIET DAY HERE

People Spend Day at Picnics and
Visiting Elsewhere

The Fourth of July was the quietest one in years for Rushville. There was no celebration of any sort and most Rushville people spent the day visiting elsewhere or on picnic parties in the country. As a general rule country people were busy. A big majority of the farmers were busy plowing corn or cutting wheat. The binders were started on a number of farms yesterday. The safe and sane Fourth ordinance made fireworks an unknown quantity.

ODD FELLOWS BAND GOING TO GLENWOOD

Will be Added Attraction at Second
of Series of Community Soc-
ials This Evening

EVERYONE IS URGED TO GO

The Odd Fellows band will be an added attraction at the community social at Glenwood tonight. The committee announced today that in addition to the program previously announced, the band had been engaged to play.

Every automobile owner in Rushville and the county surrounding is invited to fill his automobile to capacity and go to Glenwood tonight because a good time is certain. Those who attended the first of the community affairs at New Salem two weeks ago are sure to go again and they were all trying to get their friends to attend the second one of the series tonight.

The social will be held on the lawn of the M. E. church. The congregations of the M. E. and U. P. churches are co-operating with the Rushville merchants in giving the affair and the women of the two churches will serve the ice cream and cake. Lemonade, peanuts, chewing gum and other things will also be on sale.

A short program will be held. S. L. Traube will speak and Dr. Hale Pearsey and Mrs. Carl F. Behr will sing.

GERMANY SERVED WITH ULTIMATUM

Argentina Dispatches Note, Assert-
ing Berlin Must Pay Indemnities
For Ships Sunk.

GUARANTEES ALSO SOUGHT

By CHARLES P. STEWART.
(U. P. Staff Correspondent.)

Buenos Aires, July 5.—Argentina has served an ultimatum on Germany.

It was learned today that a note dispatched to Germany asserted that unless Germany pays indemnities for the destruction of Argentina ships and guarantees assurances against further attacks Argentina will break relations. For two weeks Argentina has approached the position where she was ready to break relations with Germany. The crisis lies in the case of the sinking of the Argentine steamer Protegido. The vessel was torpedoed without warning and several Argentine citizens lost their lives. Germany admitted the sinking and offered reparation. Then Berlin apparently forgot all about it.

The Fairview Christian church services will be held next Sunday at the Union church west of Fairview on account of the county line road being closed and making it impossible to reach the church. The Rev. C. F. Powers will preach morning and evening and Sunday school will be held as usual.

WILL BUILD ROAD IN POSEY TOWNSHIP

Commissioners Order That Bids be
Received For Joseph D. McCoy
Road on August 6

LET POOR FARM CONTRACTS

The county commissioners Tuesday afternoon before adjourning awarded contracts for supplies at the county asylum for the next quarter as follows: clothing, Bliss and Cowing; groceries, Havens and Son; dry goods, Callaghan and Company; shoes, Horatio Havens and meat, Weeks Fresh Meat and Provision company.

The commissioners also decided to build the Joseph D. McCoy road in Posey township and ordered that bids be received on August 6. The commissioners also accepted a report of the viewers on the petition to vacate a highway filed by John K. Gowdy and ordered the road vacated at the expense of the petitioner. The road runs through the Gowdy farm and has long been abandoned but never vacated. Mr. Gowdy owns the land over which the road passes.

SURVEY MADE FOR GOOD SEED WHEAT

R. A. Ogg Spends Two Days in
County Looking For Fields
Free From Impurities

IMPOSSIBLE TO COVER COUNTY

Farmers With Fields Suitable For
Seed Urged to Notify Commit-
tee—Eight Meetings Planned

A survey is being made in this county for good seed wheat in order to improve next year's crop, according to an announcement made today by a seed wheat committee of Rush county composed of G. Leonard Clark, C. M. George and O. C. Norris. R. A. Ogg, a representative of the Purdue extension department, made a two days survey of the county, but found it impossible to visit the whole territory. Accordingly, the committee, in the following announcement made today, calls on the farmers of the county to assist in the campaign by notifying any member of the committee of good fields of wheat so that they may be inspected:

Prof. G. I. Christie, State Food Director, in combination with the association of millers, grain dealers, bankers, wheat growers and fertilizer dealers, is making a survey of all counties of the state to locate good fields of wheat for seed. A list of these is sent to Purdue and another kept by the local committee of the county and announced through the papers, that every farmer may know where good seed may be found.

Prof. R. A. Ogg of Greencastle, representing Purdue, has spent two days in the county locating fields. He could not reach all parts of the county and farmers who have good fields of wheat comparatively free from rye, cockle and cheat should notify the committee so that someone may be sent to inspect and list the field. It is the desire to increase the acreage as well as improve the quality.

The local committee is G. Leonard Clark, C. M. George and O. C. Norris. Later in the season they will arrange for eight wheat meetings to be held in the county and Purdue will furnish speakers to discuss wheat production.

The government has adopted a schedule for grading wheat which will be rigidly enforced, and every wheat grower will find it greatly to his advantage to select seed that is free from all impurities, including rye, cockle and cheat.

BEE'S RESPONSIBLE FOR AUTO ACCIDENT

Swarm So Thick on Windshield of
George Mount's Car That he is
Unable to See The Road.

GOES INTO DITCH; IS UNHURT

George Mounts of Orange township had a peculiar experience Tuesday afternoon as he was driving his automobile towards this city. Mounts ran into a swarm of honey bees and they literally covered the windshield so thick that Mounts could not see the road ahead and his automobile went into the ditch, striking a pole and damaging the radiator.

Naturally, with a swarm of bees all around him Mounts feared he would be badly hurt, but he escaped the bees without being stung a single time. Mounts is convinced that had he been running fast the bees would have caused the machine to be ditched.

COUNCIL TALKS ABOUT FIRE TRUCK

Prospects Are That City Will Not
Purchase Motor Apparatus This
Year at Least.

OLD FIRE ENGINE TO BE SOLD

Ordinance Placing Electric Cook-
Stoves on Power Rate Passed—
William Higgs Resigns.

The city council at the regular meeting Tuesday night transacted the usual routine business and devoted a large part of the time to the discussion of a truck for the fire department, but took no action. The chances are the council will not purchase a truck this year.

It was decided to sell the old fire engine, the first one the city ever had or junk and the clerk was instructed to advertise for bids to be received on August 7. The little engine is now out of commission and it would require close to \$500 to place it in working order. The city has no real need for this engine, since the large engine will be retained, and for his reason it was decided to sell it.

Fire Chief Easley appealed to the council to purchase a motor truck, preferring a light chemical wagon. The proposition was discussed at length and the council decided that it had a better place for its money this year.

Clarence Borem was appointed fireman in place of William Higgs.

The contract for cement sidewalks on Cherry street from Eleventh street to the first alley north of Twelfth street on the east side of the street was awarded to Thomas S. Cauley. The contract price was 14 cents a square foot. The bid was submitted on the engineer's estimate.

The ordinance placing electric cooking stoves on the power rate was read for the first time and passed.

A petition signed by two property owners was presented to the council asking that the alley running west from Jackson street to Buena Vista avenue be widened to the proper width at the Jackson street end. Nothing was done with the petition.

The council also agreed to sell the horse which has been used by the superintendent of the water and light plant. The plant now has a light truck and no longer needs the horse.

Terre Haute Mayor Gosson and a party of newspapermen were judges of the garden contest in this city, the winner being given a \$10 bill by the mayor.

SEEK UNKNOWN ASSAILANT

Fires on Mr. and Mrs. Frank Col-

(By United Press.)

Marion, Ind., July 5.—Police were hunting today for an unknown assailant who fired on Mr. and Mrs. Frank Colslager late last night from ambush while they were driving in their auto one mile from Upland. Fourteen small shots struck Mrs. Colslager but she will recover. He was not hurt. They declared they have no enemies and the police are at a loss as to a motive for the shooting.

ABSOLVES NAVY MEN FROM GUILT

Spy Hunt Discloses They Did Not
Spread News About Route of
U. S. Army Transports

U-BOAT ATTACKS FAILURES

By CARL D. GROAT
(U. P. Staff Correspondent.)

Washington, July 5.—America's spy hunt today tended to absolve any navy employee from guilt in spreading news upon which Germany mobilized her u-boats to waylay United States Army transports.

With a new battle recorded—that between a United States provision ship convoy and two German submarines—officials were more than convinced that Germany sent her submarines to sink America's first expeditionary force.

This new battle occurred between submarines and a convoying war ship, who protected the big navy transport bearing provisions and gold to pay the Sammies abroad.

The navy transport headed for shallow shore water when the engagement opened thereby making it less liable to attack. Two torpedoes were discharged, both going wide their mark. The destroyer convoys soon drove the submarines off.

PERSHING'S SAMMIES TRAIN FOR TRENCHES

3d Battalion, After Participating in
Paris Fourth Celebration, go to
Permanent Camp.

ALL ANXIOUS TO GET SETTLED

By WILLIAM S. FORREST
(U. P. Staff Correspondent.)

Paris, July 5.—Part of Pershing's Sammies are off for their final training before going to the front line trenches.

Following a typical Fourth of July celebration yesterday, the battalion of United States regulars, who were brought here from a French port to take part, left early today for the permanent camp.

General Pershing is extremely anxious to get all of his men settled down into the permanent camp and put them through the final training for the trenches. Also he is anxious himself to clean up work in Paris and get out to the camp.

The entire expeditionary force will be established in permanent headquarters by July 15 it was announced today. Every American connected with Gen. Pershing's headquarters is working hard to expedite the work of establishing the men in camp.

Connersville—Wade Earbist was arrested here on the charge of stealing a pair of shoes from Joseph Smith.

Terre Haute—Women complained to the police department that boys enjoying a swim in gravel pits near here, hung their clothes swimming suits and all on a hickory limb before throwing into the water.

BRITISH ADVANCE ON WEST

German Counter Attacks Successful
in One Place On East Front—
Repulsed Elsewhere

(By United Press.)

London, July 5.—Continuing his tactics of fixing his blows, Field Marshal Haig last night struck successfully at the enemy southwest of Hollebeke, Belgium. The British advanced their lines over a front of 500 yards.

Petrograd, July 5.—Counter attacks were launched by the Germans today in an attempt to stop the advance of the Russian offensive the war office statement announced. At one point pressure from the enemy compelled the retirement, the war office declared. The enemy was repulsed at all other places.

A French Port, July 5.—Although the American expeditionary army is to leave the latter part of this week for its permanent training camp behind the firing line, it has started intensive training here.

The training consists of marches and trench practice. The soldiers are drilled daily.

Hundreds of troopers bath daily in the cold sea and the daily baseball games are a feature of camp life.

Military and naval police control the city. Arrival of the last troop transport carrying automobiles and supplies was announced today.

London, July 5.—Coincident with the announcement from Petrograd that the Russians during Sunday and Monday's fighting captured 300 officers, 18,000 men, twenty-nine guns and thirty-three machine guns is the official statement from Vienna which tells of the withdrawal of Austrian forces under pressure of superior numbers on a limited part of the front in Galicia.

According to the Vienna statement the Russian attacks were repulsed near Koniuchy and the Russians were compelled to cease their assaults at Brzezany.

South of Zboroff the Russians are reported to have made a terrific attack and succeeded in pushing back the Austrians toward the prepared supporting positions. The Vienna reports say that in engagements involving heavy sacrifices the Austro-Hungarian troops have been retreating only step by step against the pressure of superior forces and thus far have enabled the reserves to intervene for the restoration of the situation.

Violent artillery duels have been in progress on the Koniuchy-Zlochoff sector on the Stokhod in Volhynia, and at Brody, on the Galician-Volhynian border.

In Champagne, on the western front, the crown prince has made another desperate and fruitless effort to break the French lines northwest of Rheims. Attacking in force along an eleven-mile front, the Germans made especially strong efforts around Cerny and Ailles and against the Calornie plateau. The French repulsed all attacks with losses.

In checking the Germans the French took the initiative in a small operation east of Cerny and captured a strong German salient. German attacks on the left bank of the Meuse were repulsed.

The Paris official statement gives the following account:

The Germans undertook a powerful offensive action, which was prolonged all night, against all our positions north of July 3rd. As far as the

1808 AUTOS IN RUSH COUNTY REGISTERED

Registration For First Half of This Year is Far in Excess of Total For Last Year

W. H. McMILLIN IS THE FIRST

The registration of automobiles from this county for the first half of the year was far in excess of the total registration for the whole year previous. The number of machine owners in this county taking out licenses up to July first was 1808. These statistics were compiled by the Campbell Circular Advertising company of Indianapolis.

Will H. McMillin, county auditor, was the first person in Rush county to register his car and the last was Wallace Morgan of this city, who received license No. G7179 for his new car last Saturday.

The total number of registrations for the entire state of Indiana is 167,181, the last license number being G7181. The letter A on a license number is between 100,000 and 110,000; B is between 110,000 and 120,000; and so on, each succeeding letter indicating an additional 10,000 licenses. The estimated value of all automobiles in Indiana is \$85,000,000.

SIMEON STOCKDALE DIES IN INDIANAPOLIS

Former Proprietor of Grand Hotel And Charter Member of Red Men's Lodge, Expires Wednesday

WENT FROM HERE TO SEYMOUR

Simeon Stockdale, many years ago owner of the Grand Hotel and known to many of the older people of the city and county, died at the home of his daughter, Mrs. Al Kimmel in Indianapolis last night, according to word received this morning by the Red Men's lodge here.

Mr. Stockdale went from here to Seymour where he was in the hotel business for a number of years. About three years ago he fell on the hotel floor, breaking his arm. Blood poisoning developed and the arm had to be amputated. Since that time he has not been actively engaged in business. Mr. Stockdale was about eighty-five years old. He is survived by the daughter and one son, who runs a hotel at Seymour. Mr. Stockdale was a charter member of the Red Men's lodge here and also a member of the Odd Fellows lodge.

The funeral and burial will probably take place in Indianapolis. The widow and one son are buried in East Hill cemetery here.

east of the Calonne plateau. On this long front they made violent attacks repeatedly with large numbers of their special assaulting troops. Their efforts were directed principally east of Fromont farm, west and southwest of Cerny, north of Ailles and against the Calonne plateau.

The repulse of the enemy was complete and his losses were very heavy, especially in the region of Cerny and on the Calonne plateau. His main assaults were almost entirely repulsed by our fire.

The enemy's violent bombardment of our lines, especially in the region of Fromont, was repulsed by the Italian War Office.

about seventeen kilometers and cost the enemy exceptionally heavy losses without bringing him either gain of ground or prisoners. Everywhere along we have completely maintained our positions.

"The Germans have not renewed their attempts, but on the contrary, we have carried out east of Cerny a detailed operation which enabled us to capture a strong salient held by the enemy. On the left bank of the Meuse three successive attacks, accompanied by jets of liquid flame, directed against our trenches south-west of Hill 304, were repulsed. The artillery fighting continues very spirited in this region."

Reinforce of Austrian attacks, near the Meuse, on the Cerny front, were repulsed by the Italian War Office.

CHAMBERS MAY BE STATE CHAIRMAN

Newcastle Man is Prominently Mentioned as Successor to Charles A. Greathouse

TWO OTHERS SPOKEN OF

(By United Press.)

Indianapolis, Ind., July 5.—The question of who shall be named to succeed Charles A. Greathouse, chairman of the democratic state central committee, who has been named a member of the vocational education board of the federal government by President Wilson, was under discussion by politicians here today.

That Greathouse will accept the position and resign as state chairman is considered practically certain. He has been in office only a few weeks, however, being elected last month to succeed Bernard A. Korbly, who resigned.

Among those prominently mentioned to succeed Greathouse is Walter S. Chambers, editor of the Newcastle Times and democratic leader in the last session of the legislature. Chambers with Frank Culbertson of Vincennes, lead the democratic half of the state senate in the legislative session.

H. L. O'Brien of Lawrenceburg, former state auditor, has also been mentioned, along with James Fleming, state senator from Portland.

Greathouse's resignation will probably not be presented before August. He expects to go to Washington to "look over" the ground and investigate the nature of his new duties.

Conscripts Not "Slackers"

Objections to the conscription plan of raising an army were undoubtedly due largely to the odium which has long been attached to the draft, a measure which was resorted to during the Civil War. We began that war with a volunteer system of enlistment, and when volunteers were not forthcoming, we offered bounties which gradually increased in amount. Finally, the draft became necessary, and those men who were called in this manner were looked upon as men who would neither volunteer through a feeling of patriotism nor respond to the inducements of a bounty.

There is no good reason, however, why the conscription method now adopted by the United States should place any mark of disgrace upon those who are called through its provisions. Nevertheless, there is danger that in public comment, and in unexpressed opinions there will be a sentiment that men who are selected under the conscription system are "slackers" at heart and responded only because they were compelled to do so. That attitude of the public mind would necessarily place conscripted citizens in an unfavorable and undesirable repute.

For the good of the army and the individuals who compose it, it is of utmost importance that we avoid any such frame of mind. Conscription is nothing more nor less than the designation of the service each is under obligations as a citizen to render for his country. Men who wait until they are conscripted are doing nothing more nor less than exercising their privilege and their duty. Men do not go to the tax collector to pay their taxes before they have been assessed for the amount of tax levied. Failure to go in advance to pay his taxes does not carry with it any stigma of disgrace. Neither is the taxpayer who waits until the last day to pay his taxes held to be a disloyal citizen. Reasoning by analogy, we reach the necessary conclusion that the citizen who waits until he has been notified of his selection under the conscription law, before entering the military service is not properly an object of reproach.

The real test is whether a man promptly responds when called, and faithfully performs his duty thereafter. If this be done, the man who is thus called to the colors is entitled to the highest esteem as a loyal American citizen, and is entitled to the deepest gratitude from his fellow citizens who are not called upon to render similar service.

The conscription system is the only equitable and entirely defensible plan of raising an army. Those who did not volunteer were merely exercising their right in awaiting the enactment of a law which would determine which men should render military service and when they should respond. General recognition of this and willingness to accord the full honor to which the conscripted men are entitled will do much to make their service more agreeable to them.

Posterity Should Pay

The burdens of this war should not be saddled entirely upon the

its share of the expenses.

To levy abnormal taxes upon all commodities will be but to put a financial and physical strain upon the people which they can ill afford to bear for when the necessities of life are taxed it is the consumer who pays the bill.

The common people—and by that term we mean the great mass of people who earn their living from day to day—are already staggering under burdens that are far too heavy for many of them. The complacency of congress in the face of highway robbery by the food barons is forcing them almost to the point of desperation. The stomach demands food, and often the pocket-book is not able to supply it in sufficient quantities. The food barons are hogging the substance and the people are paying for the husks.

Too much of our war revenue should not be raised by immediate taxation. Posterity should pay its share in interest and principal on long time bonds.

The people have loyally submitted to the necessity for economy, and are virtually living on a war schedule. Luxuries have been eliminated to some extent and expenditures have been limited to bare necessities. The addition of a heavy tax to this would be the utmost folly.

If congress would become as patriotic as it expects of the people, then it enact laws that will guarantee the farmer and the producer a fair price for his products; and the consumer that he will not be required to pay more than a fair margin of profit over the cost of production—by the utter elimination of all speculators and other grasping hogs.

And let posterity pay part of the bill.

When a fellow has bats in his belly the bats are about the only things that count.

When the government completes those airplanes we suggest some senators and congressmen for the crews. They are so accustomed to being "up in the air" that high altitudes wouldn't bother them.

It might be advantageous, however to stuff our scrapping ship-board's mouth full of ginger and then sew it up.

Wake up, Henry! Washington is dead, Wilson is president, and another war has been declared.

If you have not already taken advantage of the money-saving opportunities offered by this big sale, don't fail to come in before Saturday night. Every purchase you make now at these sale prices means just that much money saved this fall and winter, as prices are bound to stay high and there is every reason to believe that they will go higher.

Mulno's "Save-Now" Sale

Started Saturday, June 30 Ends Saturday, July 7

If our stocks are sufficiently cleaned out by Saturday night to give us room for the fall goods that we have ordered, this may be our only sale this summer. If we had room to carry the stock, we might hold it for fall trade and make good profits at the prices that will probably prevail at that time. However, we haven't the space. These goods must go, and to close them out quickly we offer them at prices that will not likely be equalled again for many years.

Good big stocks on hand now. **SPLENDID SELECTIONS — BIG VALUES — LOW PRICES — BIG SAVINGS.** Don't miss this chance to cut down your clothing expense for Fall and Winter. **BUY NOW AND SAVE.**

Senreco
 The double-service tooth paste,
 keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 26, 1917.
 I use Senreco myself. Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.
 I find Senreco a great help in my work.

Chicago, Ill., Mar. 16, 1917.
 I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.
 Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.

Columbus, Ohio, Oct. 20, 1916.
 I find Senreco very beneficial.

Chicago, Ill., April 7, 1917.
 I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.

Buffalo, N. Y., Oct. 15, 1916.
 Am well pleased with Senreco—so are my patients.

New York City, Mar. 27, 1917.
 Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco drugist's or toilet counter today. Costs only 25c for large 2 oz. tube.

NANCY A. MAHIN IS DEAD NEAR HOMER

Widow of James A. Mahin Expires at Home of Daughter, Mrs. W. S. Miller Wednesday.

THREE CHILDREN SURVIVE

Mrs. Nancy A. Mahin, 89 years old, died Wednesday afternoon at 4:40 o'clock at the home of her daughter, Mrs. W. S. Miller in Walker township, near Homer. Mr. Mahin had been ill for several weeks, suffering from a complication of diseases. She was the widow of the late James A. Mahin and would have been ninety years old on July 24. She is survived by three children, Mrs. Miller, Robert Gardner and Rue Mahin. The funeral services will be conducted Friday afternoon at two o'clock at the late residence by the Rev. Mr. Hester and burial will take place in the Hurst cemetery.

WANT WAR COMMENT IN ENGLISH ONLY

Foreign Language Newspapers May Be Compelled to Follow This Policy By the Government

SOME LEGISLATION IS NEEDED

(By United Press.)
 Washington, July 5.—Foreigners unacquainted with the English language will be deprived of newspaper reading as a wartime diversion if the recommendation that foreign language newspapers be compelled to print in English all editorial expressions and news bearing on this government's foreign policies is adopted by the government as a war measure. The American League for National Unity, which is fostering the move, urges Federal legislation to enforce such a ruling and, if necessary, governmental control of all foreign language papers. The league charges that most foreign language papers disseminate news giving "secret aid and comfort to the enemy" and at the same time "only lukewarm support to the administration."

PLANTS ARE IMPROVING

Indianapolis, July 5.—Ice cream manufacture in Indiana has been greatly improved in regard to sanitation, according to reports reaching H. E. Barnard, state food and drug commissioner. Only five persons were prosecuted in the state during the entire month of May for selling ice cream below the standard or failing to clean ice cream cans according to a report issued by Barnard today. All were fined \$5.

TODAY'S ODDEST STORY

Gary, Ind., July 5.—Because her husband stopped her credit at various stores in the city, Sarah A. Tindall thought she deserved a divorce.

Hammond—"Send the stove back to mother, I don't give a d—what you do with the rest of the furniture," wrote Marion Clark, of Whiting, when she departed from her husband, according to a divorce complaint filed by her husband.

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority. It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness on the danger of infection. This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue. This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

ADVERTISING NOT WASTE IS PROVED

Figures by Association of National Advertisers Show Low Percentage of Cost

COMPARED WITH RECEIPTS
Big Advertisers Spend From One And a Half to Four Per Cent of Gross Sales

The favorite plaint of the business man who has fallen asleep by the wayside is that advertising is a huge economic waste; that millions of dollars are spent and wasted, in artificial attempts to stimulate selling, to the ultimate injury of both buyer and seller. At first glance, and to the man who has not really studied the subject, this argument may appear logical. The only trouble with the logic is that it does not square with the facts. Most people know more things that are not so about this subject than any other under the sun.

"Let us see how much the big advertisers spend," says Alan C. Reiley, President of the Association of National Advertisers, in discussing this matter. "The average man hears talk every day about the millions and millions spent for advertising and he finally gets the notion that somehow or other the buyer has got to pay for it."

"I wonder if Mr. Average Man ever stops to realize that those millions worth spent in advertising sell hundreds of millions worth of goods—goods that could never be sold so cheaply in any other way. And it is this immense saving in selling cost that helps to make lower-priced goods."

"Millions spent for advertising sounds big, but hundreds of millions worth of goods sold by advertising makes the actual amount spent for advertising look small."

"What is the exact ratio of advertising to sales anyhow? This is something that every buyer would like to know. 'I am glad to be able to tell the public. The Association of National Advertisers has collected some valuable facts and figures on this subject. Listen to a few of them."

"The advertising of one of the leading paint manufacturers of the country averages 3½ per cent of their total sales. In other words, for every dollar's worth of paint they sell, they spend 3½ cents in advertising. This is about equivalent to the price of a postage stamp and a cent's worth of paper for every dollar's worth of goods sold. Another big paint and varnish manufacturer spends from 3½ to 4½ per cent."

"Next take clothing. We have obtained figures concerning two of the biggest clothing manufacturers in the country. One spends 1½ per cent; the other 2%. An equally prominent shoe manufacturer spends 1½ per cent."

"But shoes and clothing are necessities," you may say. "How about the luxuries?"

"All right! Take one of the most popular luxuries in the world—candy. One of the best known candy makers in the country and one of the biggest advertisers, spends 5 per cent."

"Then take the big automobile and tire manufacturers with their full page and double page spreads. Surely now with the percentage figures will begin to jump. Will they?"

"You will be surprised when I give you the figures for two of the most famous automobile builders in the country. One is 2%; the other is 3 per cent. Also two of the leading tire manufacturers; one spends 2 per cent; the other 2 per cent. And all four rank among the biggest advertisers in the country."

"These figures are authentic, and when you consider the enormous volume of the automobile and tire business you will see that the percentages are ample to provide for the wonderful publicity."

"And then we come to the big department stores—where at one time or another every buyer buys. You can see them fairly eating up the newspapers with their big spreads. But if you expect to find big percentage figures here you will be agreeably disappointed. The figures possible for these stores are from 1½ to 2½ per cent."

It's Like Buying a Gold Dollar for Ninety Cents

AT ITS PRESENT PRICE (\$875 f. o. b. factory) Reo, the Fifth is the greatest buy in the market.

WHY, JUST CONSIDER! That was the price when cost of manufacture was vastly less than now.

AND YOU'VE SEEN prices advance all along the line since then.

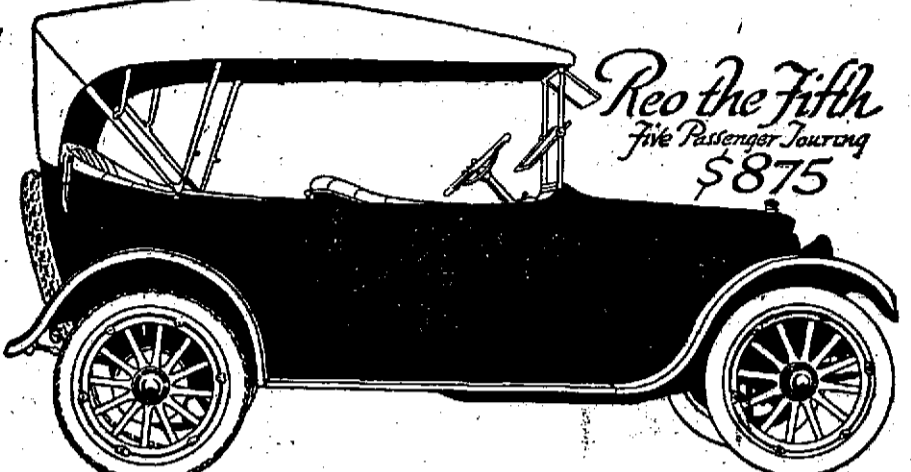

THE REO FOLK have steadfastly refused to add a dollar to the list price of Reos as long as there was any margin of profit at all at standard prices.

BUT WE ARE WARNED that there's no certainty how long this price can be maintained.

COSTS ARE INCREASING all along the line and there's no relief in sight. So it may be necessary any day to add \$75 or \$100 to the present price of all Reo models. Others have—Reo may have to.

SO ONLY WAY is to secure your Reo now—order and set a definite date for delivery.

TODAY won't be a minute too soon.

age department shoe's advertising does not cost more than 3 percent of its total business.

"The fact is that the great majority of all nationally-advertised articles—articles which are familiarly known in every home in the country; which are famous for their quality as well as their immense distribution, belong in the 5 per cent, or under class."

"And let this final point be remembered. Even if this advertising represented a direct advance on what the buyer would otherwise have to pay, this would make little difference in the price of goods. But it does not. And why not?"

"Because advertising is the most efficient method of marketing ever developed by business enterprise—therefore its effect is to decrease and not to increase the sum total of selling cost. This is a simple fact about advertising that every buyer of advertised goods ought to know."

SENATE DRAFT OF TAX BILL HITS RICH

War Wealthy, Incomes, Drings and Tobacco Will Pay Bulk of First War Wealthy, Incomes, Drinks and

MINORITY REPORT IS MADE

Washington, July 5.—The war wealthy, incomes, drinks and tobacco will pay the bulk of the first war tax.

Of the \$1,670,000,000 to be raised under the revenue bill drawn by the senate finance committee, \$1,277,000,000 will be raised as follows: From excess profits, \$523,000,000; from alcoholic drinks \$155,000,000; from soft drinks, \$10,000; from tobacco, \$55,000,000. Authors of the bill declared this schedule will place a heavier burden on the rich and not on the poor as had originally been contemplated. Other senators contended that the rich and big incomes are taxed too lightly.

A minority report was read by Senator LaFollette which would raise the entire amount of revenue by excess profits, swollen incomes and from internal revenue.

Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of William F. Neff, deceased, to appear in the Rush Circuit Court, at Rushville, Indiana, on the 24th day of August, 1917, and show cause if any why judgment should not be entered against the estate of said deceased, and why the same should not be approved and said heirs notified to their and their heirs' approval, and receive their distributive shares. Witness, the Clerk of said Court, this 5th day of July, 1917.

WOMEN URGED TO ATTEND COURSE

Mrs. Burl Matney, President Home Economics Club, Receives Letter Regarding Purdue Plans

CLASSES FOR HOME MAKERS

Extension Department Urges Every Community to Send at Least One or Two Representatives

Mrs. Burl Matney, president of the Home Economics Club, has received a letter from the department of agricultural extension of Purdue university urging attendance at the week's course for homemakers which opens at Lafayette next week and continues until Friday night. The attendance of one or two representatives from every community is urged. A letter from Roberta McNeill, associated in home economics extension, is explanatory and is as follows:

With this you will find an outline of the week's course to be given homemakers at Purdue. While we know it will not be possible at this busy season for everyone to leave home, we believe that if we have representatives from the various classes, these may return to their communities and assist in furthering the great campaign of food conservation in which we are all so much interested.

The course has been planned keeping the needs of the busy homemaker in view. We know you will be amply repaid for coming.

Take the matter up as a body if possible and if the class does not have a meeting before that date use the telephone and tell the members about the course. It may be possible later with the assistance of those who attend to hold somewhat similar courses in the various communities. For this reason we are very anxious for as many communities as possible to be represented. Come if you can, and if this is impossible urge others to attend the course—July 9th-14th.

Sincerely yours,
ROBERTA McNEILL

Associate in Home Economics Extension.

If you cannot attend this course for the entire week, come for one, two, or three days. Bring a friend or organize a party for the trip to Purdue.

We shall be glad to have you do everything possible to advertise the Food Conservation School and interest others in this valuable work. Will you not place notices in your local papers? Assuring you that we shall appreciate your co-operation, I am

Very truly yours,
G. I. CHRISTIE.

Superintendent.

The course mentioned is called, "Food Conservation School for Women and Girls of Indiana," and the detailed program follows:—

Monday

10:00-11:45 Registration.
2:00-4:00 Demonstration, Milk and Milk Products.

Tuesday

LAKE ERIE FIRST TO TAKE OFF TRAIN

Office Announces Removal of Train Leaving Connersville 6:45 a. m. and Returning 6:20 p. m.

BIG 4 EXPECTS TIME CHANGE

The Lake Erie and Western railway office here has announced that effective next Sunday the train leaving Connersville at 6:45 a. m. for Fort Wayne and the train arriving in Connersville at 6:20 p. m. will be discontinued. This is in line with the government's request to curtail the passenger service and devote more service to freight.

So far all rumors of taking trains off of roads going through Rushville have been unfounded. A change of time on the Big Four is effective Sunday, but so far the local agent has not received the new schedule. It has been rumored that the Big Four would drop two passenger trains. The C. I. & W. will undoubtedly take off a train or two but no announcement has been made as yet. No changes in time have been announced for Sunday, and the local agent has no intimation as to what train will be taken off.

11:00-11:45 Round Table.

2:00-4:00 Drying of Fruits and Vegetables.

The school is open to all. There are no fees for instruction.

A list of rooms and boarding places, where lodging and board can be obtained at reasonable prices, will be on file in Agricultural Hall.

Good hotels are available in the city. Suitable places will be provided to eat lunch, if they care to bring this.

The Extension Department urges that every community try to send at least one or two representatives to the school, and that automobile parties be organized for a days work if they can not come for the whole course.

They point out that food shortage and high prices are already prevalent to an alarming extent, and unless every atom of the present crop is conserved greater hardships are bound to be felt.

Therefore every housewife must "Do Her Bit" for, quoting President Wilson, "The woman who is watchful in her home, careful of every bit of food used, is serving her country just as truly and just as effectively as the nurse in the Red Cross tent or the man at the front or on the sea."
